## PRICES REALIZED

THE PRICES LISTED HEREIN ARE THE PRICES OBTAINED FOR EACH LOT IN ACCORDANCE WITH OUR TERMS OF SALE OR THE PRICE AT WHICH THE LOT WAS RESERVED BY THE CONSIGNOR. IN THE LATTER CASE THE PRICE SHOWN IN THE PRICE COLUMN WILL CARRY A SUFFIX OF "R". THOSE LOTS WHICH WHERE SUBJECT TO A CONSIGNOR RESERVE ARE AVAILABLE FOR SALE AT THAT RESERVE PRICE. IF YOU ARE INTERESTED IN ANY OF THOSE LOTS WHICH ARE INDICATED WITH AN "R", WE SUGGEST THAT YOU RUSH YOUR ORDERS TO AVOID DISAPPOINTMENT. THERE CASES WHERE BACKUP LOTS WERE AWARDED AT PRICES LOWER THAN PRICES INDICATED IN THIS LIST.

LOS PRECIOS INDICADOS EN ESTA LISTA SON LOS PRECIOS OBTENIDOS POR CADA LOTE, DE ACUERDO A LOS TERMINOS DE VENTA, O EL PRECIO DE RESERVA PUESTO POR EL CONSIGNADOR. ESTE ULTIMO LLEVA UNA "R" DELANTE DEL PRECIO. ELLO INDICA QUE EL LOTE NO SE VENDIO AL PRECIO DE RESERVA Y ESTA DISPONIBLE SI USTED SE INTERESA EN CUALQUIERA DE ESOS LOTES (MARCADOS CON LA "R"). HAY ALGUNOS CASOS EN QUE LOS LOTES DUPLICADOS RECIBIERON PRECIOS INFERIORES A LOS INDICADOS EN LA LISTA.

## IMPORTANT NOTES FOR ALL BIDDERS

We would expect that the wise buyer will submit numerous bids, all at levels commensurating with his/her idea of the value of each lot. On items that he really wants badly, the serious bidder will bid well above the top estimate, recognizing that his bid will be reduced as per paragraph number 2 of the Terms of Sale, but also realizing that he may be in competition with other seriously interested bidders.

In those sections which show a PRICE RANGE FOR AN ESTIMATE, the low figures represent wholesale evaluations while the high figures indicate what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and subject to reduction as outlined in paragraph number 2 of the Terms of Sale.

In those sections where ONLY ONE ESTIMATE IS GIVEN WITH A PLUS MARK, these estimates represent what we believe to be a fair WHOLESale PRICE and/or the reserve. In many cases, these single estimates will not be accepted. Generally speaking, our estimates should serve as useful guides, but bidders should use their own knowledge and experience as the final tools to determine their bids.

We make the following suggestions to all bidders:

- (1) Bid what you wish on each item, but keep the estimate and reserve prices in mind lest you waste your opportunity to acquire an item you particularly desire.
- (2) Bid the maximum bid you would pay for the lot, recognizing that if your bid is high relative to other bids, your bid will be reduced in accordance with paragraph 2 of TERMS OF SALE.

At the conclusion of the listing of all lots, we have observed that many of our estimates in the Paper Money Section as well as the Gold Section, may be considered low and are expected to realize prices at above our estimates. We make this observation based on the increased interest in Paper Money and the ever-increasing interest in Gold. So also, all rare numismatic items are finally being recognized as such and are finding their ranks in value.

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as promptly as possible.

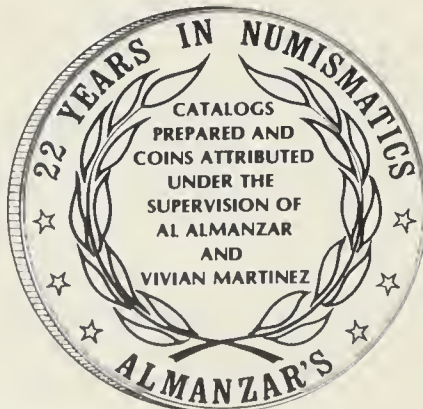

An asterisk (\*) before the lot number indicates that the actual lot offered for sale is photographed. We can furnish photos (obverse and reverse) of all lots upon request at a charge of \$3.00 per item.

-BALTIC STATES We are hereby offering this group of unusual coins of some of the early states and cities, which formed what is known today as: ESTONIA, LATVIA and LITHUANIA. These coins are quite rare and this listing lends an opportunity for the collectors of name, places, early coinage (or just Baltic Nations coinage) to add some of this interesting and Rare coinage to their collection: This is the second part of a collection which we offered in our FEBRUARY 28, 1983 AUCTION.

This coin should be a different type from Fr7, Y.27, inasmuch as they were struck at the mint for the purpose of arras; (it is the custom in some Central American countries to present the bride and groom thirteen gold coins on the day of their wedding to symbolize financial security). It is originally said that thirteen were struck for the daughter of the President of Honduras. However, although only three were handled by us, it is the opinion of the Cataloger that perhaps a few more were issued; Lot 1114 (VF with sign of mounting), Feb. 28, 1983 Auction, sold at \$159.50; this one VF Obv. scratch, should bring. . . . .	200+

*6847	-ARGENTINA-PREMIO MILITAR (MILITARY AWARD) Military awards for Argentina are numerous and enjoy a most extensive illustrated catalog comprising in excess of 600 pages, and having as its author the famous numismatist Humberto F. Burzio. Said catalog entitled, HISTORIA NUMISMATICA DE LA ARMADA ARGENTINA includes a chapter, in section II, devoted to the War of Independence Occupation of Montevideo. Under this chapter on page 15, it describes a medal which was authorized by the Decree of September 9th 1814 for the troops combating the Spaniards in the Pacific. However, it states that from the few samples known, there are numerous varieties. It adds that the government followed up only partially on this Decree and a number of militaries were never furnished their medals. Therefore, they ordered their own made, thus fulfilling their own fantasies in regards to shape, legend, design, metal, etc.	
	The second page of the aforementioned chapter features the drawings found in the National Archiac and the medal hereby offered was of that period and, perhaps, is very similar to the one mentioned in the last paragraph on page 15 where it describes a plain reverse, as well as oval shape, and laureate designs in the obverse with blue and white ribbon on top (ribbon is understandably missing from this medal, however the loop remains). The medal hereby offered has an inlaid gold obverse and a silver reverse. Wt. 11.2gr, 32x42mm. Crude Very Fine.	200+

We proudly announce the release of our new publication, Pillars and Portraits Four Reales of the New World -No doubt the most comprehensive publication on the subject and one which is sure to become the standard reference in its field.

The numismatic knowledge of both authors is well known. Those whom have been active customers and just about everyone connected with international numismatics is aware of Mr. Almanzar's twenty-two year of experience in worldwide coinage and most recently, his specialization in coinage of Latin America.

Darwin B. Palmer, Jr. became a collector in 1954. First studying United States large cents, he is now considered an authority on the series. He is credited with articles in "Penny Wise" the literary arm of early American coppers Club. Not fully satisfied in 1968, he turned his attention to that of Spanish Colonial Coinage.

To compound the author's knowledge, they also had a panel of contributors, all of which are well known numismatists. Among them - Mike Dunigan, Clyde Hubbard, Pat Johnson, Michael McCormick, James Shipley and Richard Stuart.

The book is illustrated throughout. Each date and overdate is referenced and evaluations are given in four grades and in addition to photos of types, close-up photos of varieties are also featured (110 illustrations). The reference numbers set forth in this book are being used throughout this auction catalog (PA#). We suggest you order immediately - only 1,000 copies issued (500 Soft Cover and 500 Hard Cover).
